Immigration Law Legislative Update
For Human Resources Managers (Seminar)

Significant change and development in the immigration law sector occurs on a regular basis and frequently affects the rights and obligations of employers. It is difficult for employers to keep abreast of these changes and to ensure compliance with their legal obligations. As well, it is easy to miss opportunities which arise from time to time. The Sir Zelman Cowen Centre is a leader in immigration law education. In this seminar, Dr Rodger Fernandez and other guest speakers address the impact that these changes will have on employment contracts, recruitment and other key areas concerning employment. The objective is to provide practical and current information that will inform work practices. The seminar is held every six months or as needed. There will be an opportunity to ask questions and participants will also be provided with a set of valuable notes. Participants are invited to submit scenarios or questions prior to the event. The numbers are limited to ensure that the seminar is interactive and productive.
